

GENERAL TARIFF

SPECIAL ASSEMBLIES CATALOGUE

1. GENERAL

The Special Assembly Section is a catalogue of all special assemblies which have been processed, costed, rated, approved and in service.

This section provides a description, a USOC, the rate and its application for Special Assembly.

2. SPECIAL ASSEMBLIES CATALOGUE

2.01 *Digital Auto Loopback VF-AL4 Unit.* This unit is installed on a 4-wire multipoint data channel at a customer's location. In conjunction with the DVACS (Digital/Voice Access and Control System) equipment in a remote location, the unit allows the remote testing of the customer's facilities by the transmission of a digital auto loopback signal.
